What do you think of English weather?  
How is England different from your country?  
What famous English people do you know?  
What would you do on your first day in England?

# Visiting England. Reading.

## A Brief Introduction to England.

England is the largest country in the United Kingdom and is known for its rich history, diverse culture, and famous landmarks. Its capital, London, is one of the most visited cities in the world. England is home to many historical sites such as Stonehenge, Windsor Castle, and the Tower of London. It is also famous for its green countryside, with beautiful areas like the Lake District and the Cotswolds.

The English are known for their love of tea, traditional Sunday roasts, and fish and chips. Football is the most popular sport, and teams like Manchester United, Liverpool, and Chelsea have fans all over the world. The country has also made huge contributions to literature, with famous writers such as William Shakespeare, Jane Austen, and Charles Dickens.

One important part of English culture is politeness. People often say "please," "thank you," and "sorry" in daily conversations. Queuing (standing in line) is taken seriously, and pushing ahead is considered rude.

England has a temperate climate, meaning it has mild summers and cool winters. Rain is common, so it's always a good idea to carry an umbrella! Whether visiting historic castles, watching a football match, or enjoying a cup of tea, England offers something for everyone.

## Comprehension Questions.
